Environmental Protection Agency

Montenegro Industrial Waste Management and Clean-up Project (IWMCP)

Request for Expressions of Interest

Civil Engineer

(Part time)

Consulting Services: **Individual Consultants**

Loan No. **8428-0 ME**

Reference No. **MNE-IWMCP-8428-CS-IC-15-3.3.3**

Montenegro has joined the World Bank Group in January 2007. The Government of Montenegro has received financing from the World Bank toward the cost of the Industrial Waste Management and Clean-up Project (IWMCP). The IWMCP aims to (i) reduce the environmental and public health risks of selected industrial waste disposal sites through investments in environmental control measures and infrastructure for management of industrial waste; and (ii) strengthen institutional capacity to regulate and manage industrial and hazardous waste. The project consists of the following components:

1. Remediation of historic industrial waste disposal sites;
2. Future Industrial Hazardous Waste Management;
3. Project Management.

The Environmental Protection Agency (**EPA**) intends to apply part of the proceeds of this loan towards payment for consulting services under the contracts for Individual Consultant:

Civil Engineer (Part time)

The individual consultant is expected to provide technical assistance to the EPA and Project Management Unit (PMU). He/she will report to and take guidance from the Project Manager of the PMU and the Director of the EPA.

Specifically the Civil Engineer is expected to carry out the following tasks:

- Drafting the terms of references for the consultancy services for the clean-up of the sites (site investigations, designs preparation etc.) and construction supervision;
- Liaise with the national and local authorities responsible for construction related activities, supporting preparation of TORs for consultancy services.
- Management of local and foreign consultants that will be responsible for the preparation of the detail designs and construction supervision, monitoring progress on deliverables under those contracts and coordination of the work of the consultants consistent with the overall project implementation plan; and with the construction supervisors also oversee and facilitate the works on the physical clean-up and export of hazardous waste;

- Technical supervision and review of the site investigations and detail designs and of civil works from the side of the PMU, review all technical documentation and provide systematic information and reports on the progress of works.
- Review the documentation in relation to the safety of dams.
- Participate in public consultation, and review at other documents (EIA, ESIA etc.) within consultant scope of work.

Required qualification and criteria for selection of the consultant will be:

- University degree in a relevant field (civil engineer or similar). Advanced third level qualification would be an advantage;
- At least 5 years of professional experience out of which at least 3 years of experience in civil engineering or environmental projects
- Experience with civil works supervision.
- Fluency in English language with strong written, oral communication and listening skills.
- Demonstrated ability in working in teams.
- Computer literacy.

The Consultant is expected to be available to commence as in **November 2015**. The Consultant shall work closely together with the EPA, PMU and TSU.

The successful applicant will be recruited on a **part time contractual basis** for a period of 1 year. Initial probation period of 3 months will apply. Contract can be renewed on an annual basis up till the end of the project and based upon performance.

The **EPA** through the Technical Service Unit (**TSU**) now invites eligible individual consultants to indicate their interest in providing the services. Interested consultants must provide information indicating that they are qualified to perform the services (CV, description of similar assignments performed, experience in similar conditions, letters of recommendation, etc.). Individual consultants may be offered through firms or other organizations, but the qualifications of the individual consultant will be the basis of selection.

Interested consultants may obtain further information at the address below from 9-15 hours local time.

A consultant will be selected in accordance with the selection of Individual Consultants-IC procedures set out in the World Bank's *Guidelines: Selection and Employment of Consultants by World Bank Borrowers (January, 2011)* setting forth the World Bank's policy on conflict of interest.

Expressions of interest must be delivered to the address below by **October 20, 2015- 17,00h** local time. EOI can be submitted Via E-mail or in envelope and must clearly indicate project name, subject number and sender details.
